(A Unit of Margdarsi)

Office: N-2/41, I.R.C Village, Nayapalli, Bhubaneswar – 751015, Ph.:0674-2553640, 2550054  
Campus: Chandaka, Bhubaneswar, Khordha, Odisha, pin: 754005, E-mail:ihsbbsr@margdarsi.org, web: www.ihsindia.org

## 7.1.6 Green Campus Initiatives

### BATTERY POWERED VEHICLE

Battery powered vehicle is less pollution helping to reduce harmful air pollution from exhausts emissions. An electric vehicle has zero exhaust emissions. We can reduce our greenhouse gas emissions. There is also a trend towards more eco-friendly production and materials for EV. Reduced harmful exhaust emissions is good for health. Better air quality will lead to less health problems and costs caused by air pollution.
