## **Advances in Medical Audiology**

**Date:** 14<sup>th</sup> Nov to 22<sup>th</sup> Nov 2018

### **Summary report**

To have the insight of international studies & adding more to our pool of knowledge Dr. Amy Bunch an International faculty from National Health Services (NHS) Foundation Trust U.K. made 10 days visit to our campus. Having Dr. Amy Bunch among us was an honor. Ms. Bunch is one of the finest faculties working as a Health Care Scientist at Great Western Hospital Audiology Department, Wiltshire, U.K. She not only serves her patients but also tries to serve the community by her generous & humanitarian activities. The first day of the program began with an inaugural function which included a welcome speech and the customary lighting of lamp. In these ten days she enlightened the students of I.H.S about the updates and prevalent situation of Audiology in the International sphere and then the last day ended with a valedictory program which included dance and cultural program representing our Indian culture and vote of thanks by Dr. Santosh Kumar Mishra.

### **Participants:**

Students of BASLP 1<sup>st</sup> year, 2<sup>nd</sup> year and 3<sup>rd</sup> year 2018-19

### **Topics covered**

1. British Society of Audiology and Evidence based Practice
2. Speech Audiometry
3. Audiological and non- audiological effect of Noise
4. Ototoxicity and Dizziness
5. New born Hearing Screening
6. Communication with parents
7. Role of paediatric audiologist
8. Case history
9. Audiological medications
10. Children and Balance Disorders, VHIT and VEMP Vestibular assessment tools and Vestibular counselling and rehabilitation
11. Auditory evoked potentials
12. Principles of being good clinician
13. Auditory anatomy and pathophysiology
14. Presbycusis and Dementia
15. Congenital problems
16. Implantable devices

## **Seminar on Autism Present and Future**

**Date:** 2<sup>nd</sup> April 2018

### **Summary Report**

Being the pioneer in finding solution for all forms of Disability in the state of Odisha, it is our foremost duty & responsibility to educate & sensitize public and other stakeholders about disability, its causes, and symptoms & to make them understand that it is curable.

To raise public awareness on Autism, Institute took steps for observing World Autism Awareness Day (WAAD) on 2<sup>nd</sup> April, 2018 at its campus. I.H.S highlighted the need to identify those with autism at an early age so that they can expect a cure and live as an integral part of the normal society. On this occasion, a seminar was organized on the topic “Autism Present and Future”. The main aim of the seminar was to put a spotlight on the hurdles that people with autism face every day. WAAD is planned every year at IHS to increase and develop the knowledge of children and adults who have autism spectrum disorder (ASD). This year Mr. Jagannath Chatterjee, a social activist, was among us as our chief resource person. Mr. Chatterjee, spoke about the distress & torment these people had to go through and commended IHS’ efforts in addressing the problems of people with Autism. The outcome of this seminar was to make students aware about the autism present condition and these effect on future.

The day began with an inaugural function which included a welcome speech and the proceedings began with his session and then the day ended with a valedictory program and vote of thanks by Prof. Satya Mahapatra.

### **Participants:**

Students and Faculties of BASLP

### **Topic Covered**

1. Define ASD
2. Causes of ASD
3. Early sign and symptoms of ASD
4. Diagnostic criteria
5. Barriers and hurdles faced by them
6. Management of ASD

## **Clinical Application of Proprioceptive Neuro-Muscular Facilitation Techniques**

**DATE-** 24<sup>th</sup> -25<sup>th</sup> July,2015

**TIME-**9AM-5PM

**RESOURCE PERSON-**Dr. SURESH BABU REDDY,PT(MPT NEUROLOGY)

**PARTICIPANTS-**BPT Students of IHS and Faculties of IHS

### **Summary Report**

The Program began with an introduction of the resource person by Prof.Satyanarayan Mahapatra,Director of IHS and a welcome address by the director. This Workshop covered various clinical aspects of PNF Techniques for rehabilitation of Neuro muscular disorders.

### **TOPICS COVERED-24<sup>th</sup> July ,2015**

#### **MORNING SESSION**

- 1.Introduction to PNF –History and evolution of PNF as a therapeutic technique.
- 2.PNF Techniques as applied to extremities(i.e upper and lower extremities)
- 3.Practical demonstration by the resource person.

#### **POST LUNCH SESSION**

- 1.Clinical application of PNF to the trunk and gait.
- 2.Practical demonstration.

### **25<sup>th</sup> July ,2015**

#### **MORNING SESSION**

- 1.Practice of all the techniques by the participants.

#### **AFTERNOON SESSION**

Practice of techniques was followed by quiz competition and valedictory distribution of Certificate of participation.

## **Conference on “International Symposium on Audiological Medicines”**

**Date:**05.12.2015-07.12.2015

### **Summary Report**

The conference “International Symposium on Audiological Medicines” was held for three days at the Auditorium of Infosys, Bhubaneswar. International dignitary Prof. OzlemKonukseven, Head, Konya University, Turkey, was one of the resource persons in this event. 400 Audiologists and ENT Surgeons from all over India took active part in this event

A special workshop was held on Vestibular Diagnosis and Rehabilitation jointly by Prof Konukseven and Dr.Kshitij Mallik. For the first time ever in India, a text book on Audiology “Fundamentals of Audiology” authored by Mr. Sudhir Bhanu Suri, published by Institute of Health Sciences was released at the venue of ISAM-2015. The ISAM Journal was also released by Mr. G. C. Pati, Ex Chief Secretary, Govt. of Odisha, during the event.

The first day of the program began with an inaugural function which included a welcome speech and the customary lighting of lamp and the proceedings began with scientific session by Dr.Kshitij Mallik and Prof. OzlemKonukseven and further had a detailed scientific session-II on paper presentation by researchers/ Authors.

The second day began with Session-III were text book on Audiology “Fundamentals of Audiology” authored by Mr. Sudhir Bhanu Suri, published by Institute of Health Sciences was released by Dr. M. Jayaram. Prof. Satya Mahapatra also discussed about “building up to the publication of the book” which was further proceeded by Mr. Sudhir Bhanu Suri’s speech.

The last day began with session-IV, had detailed presentation by Prof. Dr. Satya Prakash Dubey, Dr.Rathna Kumar and Mr. Anup Narang which was proceeded by technological session post lunch where industry’s role in audiological education and delivery of service, technological development in BERA evaluation and tinnitus management were discussed and then the day ended with a valedictory program.

## **Seminar on Current Issues in Speech, Language & Hearing**

**Date:** 2<sup>nd</sup> September to 3<sup>rd</sup> September, 2017

### **Summary Report**

A seminar was held on 2nd & 3rd September 2017 at IHS campus on current issues in speech, language & hearing. Ms. Neha Tiwari, a renowned Audiologist cum Speech Pathologist was the special guest for this occasion. The aim of this seminar was to make participants sensitized about the current issues in the field of ASLP.

She delivered a lecture on the issues. She has authored nearly 12 books on inclusive education, early intervention and children with special needs. The current issues on speech and hearing were the centre of discussion in the seminar. The outcome of this program was to make participants comfortable in handling such issues.

The first day of the program began with an inaugural function which included a welcome speech and the customary lighting of lamp and the proceedings began with her session on current issues in speech, language and hearing and then the last day ended with a valedictory program and vote of thanks by Prof. Satya Mahapatra.

### **Participants:**

Students and faculties of BASLP, 2017-18

### **Topics covered**

1. Introduction to speech and hearing
2. Scope of practise
3. Normal development of speech, Language and hearing
4. Issues related to the normal development
5. Advances in the field of speech and hearing
6. Activities related to public education
7. Different therapy activities
8. Goals selection criteria

## **ONE DAY HANDS-ON WORKSHOP ON MYOFACIAL RELEASE AND MUSCLE ENERGY TECHNIQUES.**

**DATE-** 27<sup>th</sup> APRIL 2016

**TIME-**9AM-5PM

**RESOURCE PERSON-**Dr Umashankar Biswal (Pt), MPT Orthopedics

**Participant-** BPT Students of IHS And Faculties of IHS

### **Summary Report**

The program began with an introduction of the resource person by Prof. Satyanarayan Mahapatra, director of IHS and a welcome address by the director.

Course content-hands on demonstration and practice of various techniques of Myofacial release (MFR) and muscle energy techniques(METs) following the demonstration by the resource person, participants practiced the various techniques under the supervision of the resource person.

### **TOPIC COVERED-**

#### **MORNING SESSION**

1. Introduction to myofacial release.
2. Brief anatomy and pathology.
3. Practical demonstration of the techniques applied to various regions of the body.
4. Practicals performed by the participants.

#### **AFTERNOON SESSION**

1. Brief introduction to muscle energy techniques and how it works in relieving the pain and trigger point.
2. Practical demonstration of METs of cervical, lumbar spine and other joints.

The workshop ended with vote of thanks by Dr. Priyadarshini Smruti Prava, HOD, PT which was followed by distribution of certificate of participation to the participants.

## **Workshop on Perspective in Audiology**

**Date:** 04.01.2016-12.01.2016

### **Summer report**

International visitors from England (U.K.) came to Institute of Health Sciences for contributing to the academic program BASLP. A fortnight long stays by ElaineorAylward Brook, ClaireBrooks& KatherineChilverswastoacquaintthestudentsofInstituteofHealthScienceswith bestpracticesinAudiologyprevalentinEurope. The aim of this program was to make students competent in the field of audiology.

During their stay they sensitised the students about the role of electrophysiological measurements in the **assessment of hearing** in difficult to **test** populations, such as very young children, as well as in the differential diagnosis of cochlear versus retrocochlear disorders.

The first day of the program began with an inaugural function which included a welcome speech and the customary lighting of lamp and the proceedings began with scientific session on best practices in audiology and then the last day ended with a valedictory program and vote of thanks by Prof. Satya Mahapatra.

### **Participants:**

Students of BASLP 1<sup>st</sup> year, 2<sup>nd</sup> year and 3<sup>rd</sup> year 2015-16

### **Topics Covered**

1. Anatomy and physiology of peripheral auditory system
2. Anatomy and physiology of central auditory system
3. Pathophysiology of peripheral auditory system
4. Pathophysiology of central auditory system
5. Electrophysiological assessment in Paediatrics.
6. Electrophysiological assessment in Adults.
7. Recent advances in electrophysiological measurements.
8. Importance of Electro-cochleography in Meneier's disease.
9. Instrumentation of ABR and ASSR
10. Factors effecting ABR and ASSR
11. Instrumentation of I.A and OAE
12. Factors effecting, I.A and OAE
13. Multi-frequency Immittance Audiometry
14. Neuro-generators of ABR waveform

## 15. Application of ABR, ASSR, I.A, OAE

## **WORKSHOP ON SPEECH AND LANGUAGE ASSESSMENT AND INTERVENTION ON PERSONS WITH COMMUNICATION DISORDERS**

**DATE:** 8/9/2016 – 9/9/2016

### **SUMMARY REPORT:**

The workshop was on Speech and Language Assessment and Intervention on Persons with Communication Disorders. The focus of the workshop was on how to do diagnosis and treatment for different disorders in clinical practice. The speaker was Ms. Ramya Maitryee, her area of interest is in child language disorders and Ms. Kriti Boral, her area of interest is in adult language disorders. The aim of the workshop was to provide a platform for the students to demonstrate a thorough clinical understanding of the diagnostic and rehabilitative protocols.

The day starts with an inauguration and lighting the lamp and a small introduction of resource persons. On 2<sup>nd</sup> day there was skill training session for all students on speech and language disorders. The day ended with a vote of thanks given by Principal Priyadarsinee Smruti Prava. The workshop focused on probing and evaluating clinical knowledge and hence in turn was a process of creating a better professional.

**PARTICIPANTS:** 1<sup>st</sup> year, 2<sup>nd</sup> year and 3<sup>rd</sup> year of 2016-17

### **TOPICS COVERED:**

1. Terminologies in the diagnostic process.
2. General principles for Speech and Language Diagnosis and Therapy.
3. Approaches to Speech and Language Diagnosis and Therapy.
4. Techniques for Speech and Language therapy.
5. Clinical documentation.
6. Introduction to counseling and follow-up.

## **Training on Autism assessment and certification**

**Date:**28.12.2016 to 29.12.2016

### **Summary report**

An Autism Assessment Training Program for students and staff was conducted at Institute of Health Sciences, Chandaka Campus. The aim of this training program was to bring about better understanding of ASD and to help participants render better services to people with ASD. Participants were students and teaching staff of BASLP of IHS. Dr. Arabinda Mohanty, Dr. Debasish Panigrahi, Dr. Sarita Behera, Dr. Pranab Mohapatra, Prof. Satyanarayan Mahapatra were resource persons. A complete kit containing the materials like Autism Assessment Scale, INCLIN & ISAA tools, training Module, Autism facts and the State Guidelines on Autism were given to each of the participants. Practical demonstration of cases of Autism Spectrum Disorder receiving different professional rehabilitation interventions were done to acquaint the participants to different developmental disorders of the childhood and need based multimodal therapy intervention. The outcome of this training program was to make participants will be able to handle patient with ASD effectively.

The first day of the program began with an inaugural function which included a welcome speech and the customary lighting of lamp and the proceedings began with scientific session and then the last day ended with a valedictory program and vote of thanks by Prof. Satya Mahapatra.

### **Participants:**

Students of BASLP 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> year, 2016-17 and teaching staff of BASLP

### **Topic covered**

1. Introduction about ASD
2. Sign and symptoms and causes
3. Pathophysiology of ASD
4. Neural networking and ASD
5. Assessment, diagnostic criteria and test tools
6. Intervention program, Eclectic and other approaches
7. Communication development strategies
8. Home training program, Multi model therapy and Counselling
9. Team approach and Documentation related to Autism Spectrum Disorder.
10. Hands on training on ASD assessment
11. Hands on training on ISAA & INCLIN
12. Autism facts and the State Guidelines on Autism

## **Seminar on Vestibular Disorders**

**Date:** 21th April, 2018

### **Summer report**

Vestibular Disorder being a Life threatening & perilous disorder, IHS has consistently carried out every attempt to combat its force. One such Seminar was organized by the Department of Audiology, IHS, for the students, to generate awareness & to discuss diversified measures to curb the effects of Vestibular Disorder. The event was embellished by the charismatic presence of Dr. Pranesha Rao, the senior Space Audiologist, ISRO Dr. Srinivas Dorasala, ENT surgeon & founder, Cyclops as the Resource persons.

The day began with an inaugural function which included a welcome speech and the customary lighting of lamp and the proceedings began with Dr Rao's session where he discussed about the present-day issues faced & preventive action needed to be taken in order to lower down the risk of Vestibular Disorder. Dr. Dorasala being a Researcher, Innovator and Designer of gadgets VNG (Video Nystagmography) for Vestibular Rehabilitation lauded & appreciated the arduous & diligent performance of IHS in the field of Disability Rehabilitation. Both the resource persons acknowledged the efforts of the institution & it was later decided to conduct research on vertigo and other related issues by establishing a 'Vestibular lab' at Institute of Health Sciences, with active support from Cyclops. This joint project would boost the intensity & extent of Research work & would act as a stepping stone in achieving the bigger goals and then the day ended with a valedictory program and vote of thanks by Dr. Santosh Kumar Mishra.

### **Participants:**

Students of BASLP 1<sup>st</sup> year, 2<sup>nd</sup> year and 3<sup>rd</sup> year 2017-18

### **Topics covered**

1. Anatomy and Physiology of Vestibular system
2. Pathophysiology of vestibular system
3. Issues and prevention of vestibular disorder
4. Video Nystagmography
5. Vestibular rehabilitation
