## Circular

All faculty members are required to submit a list of students who scored below 50 in an internal exam to the class advisor, for the special coaching sessions scheduled on weekends or holidays. Class advisors should compile a consolidated list of students who have failed both in the internal exam and semester exams.

During the coaching sessions, faculty members are expected to:

- Focus on teaching key questions to the students and conduct a class test.
- Provide additional study materials to support student learning.
- Offer personalized attention to the students with the poorest performance.
- Submit the attendance to the Head of Department (HOD) after the coaching session.
